

Our top priorities continue to be the safety and care for your loved one, your family, friends, and our staff. We continue to implement the following to ensure everyone's safety:

- We continue to offer the ability to conduct remote arrangement conferences from the comfort of a your home
- Live-streaming/Recording to accommodate anyone who is viewing from home
- Online guest book and the ability to leave the family a message.
- Hand sanitizers throughout all our facilities
- Face masks are still required by everyone visiting our facilities
- Air purification systems that take advantage of an ionization process that purifies the air being circulated have been installed in the ductwork at all our facilities
- Social Distancing is still strongly encouraged.
- Disinfecting is conducted before, during and after each visitation and service, all public areas are wiped with disinfection wipes or disinfection sprays with paper towels including, but not limited to, chairs, doorknobs, handles, door push plates, light switches, bathroom flush handles and bathroom faucets
- Clean pens available for register books
